Microsoft employees raise \$5,000 for club

Nov 19 2009, 10:29 AM

A group of Microsoft employees raised \$5,000 and used the money to build 10 new computers for the Renton Skyway Boys & Girls Club.

In the spirit of giving, five of the computers were then presented to Somali Youth and Family Services, which helps low-income Somali families in the Renton area. The group spent Nov. 9 assembling the machines, which each have a copy of Windows 7.

The Day of Caring was spearheaded by Microsoft VP Margo Day alongside several employees.
